

Ferrybridge Community Liaison Group

17th October 2018

Agenda

- Safety Moment
- Previous Minutes
- Project/operations updates
 - Ferrybridge 'D' CCGT
 - Multifuel 1
 - Multifuel 2
 - Etex Plasterboard
 - Ferrybridge 'C'
- AOB

Safety Moment

Practical things to consider...

- Do you have plans in place to check on family, friends and vulnerable persons?
- Have you prepared your vehicle, i.e. maintenance?
 - Lights
 - Tyres
 - Screen Wash
- Do you have an emergency food and drink pack in your vehicle?
- Do you have a mobile phone battery charger pack?
- Are you mindful of wind-blown hazards, ice, unstable tree, unstable structures, etc?
- Don't leave your vehicle running to de-ice vehicle jacking is common in the winter.

Previous Meeting Minutes

Ferrybridge 'D' CCGT

- Planning & Consents
- Governance & Utilities
- Design & Engineering
- www.sse.com/ferrybridged

CCGT – Planning & Consents

- Stage 1 Consultation Report and Statement of Community Consultation (SoCC) issued to Councils for comment
- Stage 2 Consultation dates being arranged for November, six events planned in total
- Planning Red-Line Boundary (RLB) being finalised

CCGT – Governance & Utilities

- Concept design works for proposed gas pipeline tee-off location commenced by National Grid Gas
- Location of pipeline crossing over Network Rail infrastructure being identified and will require verification, meeting held on 15th Oct
- Meeting to be arranged with National Grid to discuss pipeline crossing of HV infrastructure
- Contact also made with Northern Powergrid and Northern Gas Networks

CCGT – Design & Engineering

- Cooling Tower Asset Life Assessment reports complete and issued. Principal Inspection works on C/Tower 2A commenced on 16th Oct.
- OEM site visit was held on 1st August to undertake constructability review.
- Transportation strategy also being developed by OEM.
- Route optimization for gas pipeline ongoing, including number of main crossings and construction access requirements

Multifuel 1

- FM1 processed the 2 millionth tonne on 1st September
- Both lines completed maintenance outage through September
- Line 2 had run for 15 ½ months non-stop
- No permit breaches YTD 2018
- Ongoing issues with lorries crawling on the A162 at 06:45
 - The Managing Directors of the haulage companies have been contacted

Multifuel 2

HItachi Zosen INOVA

Community Liaison Group Meeting Wednesday October 17th 2018 Ferrybridge Multifuel 2 Project

Civil and Mechanical Construction

Key Activities completed and upcoming

Civil Engineering

- Completion of underground services and clearance of stock piles.
- I Continue the completion of External cladding.
- Admin building office fit out

Mechanical & Electrical Installation

- Boiler line 1 pressure test successfully complete. Working towards line 2 pressure test in November.
- | Erection of ACC.
- Insulation and cladding.
- I Electrical and instrumental installation.

Commissioning

I Preparation for start of commissioning.

Possible Community Impact

Noise

- 0 complaints received in the reporting period
- 1 Noise compliant in total

Lighting

0 complaints received

Traffic

0 complaints received

Impending Deliveries:

• 23/07/2018 – 20:30 – Movement of materials from car park on Stranglands lane to Kirkhaw lane.

Giving Back to the community

- Celebrating Working Safely Together £28,000 donated to our local community
- I The following Charites have each recently received donations from the Project.
 - Antony Nolan received £1,000
 - I Samaritians Christmas Shoe Box appeal received £1000
 - I Ivy Louise received £2000

Hitachi Zosen INOVA

Thank you very much for your attention

IBA Plant

Ballast Phoenix®

Etex Plasterboard

Ferrybridge 'C' - Demolition

- WMDC have asked for further information following consultation with respect to the application for prior approval for demolition.
- Keltbray have been appointed as the demolition contractor and have now assumed responsibility for large parts of the site
- Drop in sessions will be held later in the year to provide further information

Demolition Ferrybridge C

3D Image of the Ferrybridge C Site

Demolition

- The site is located off Stranglands Lane, Knottingley, WF11 8SQ, approximately 600m northwest of Ferrybridge centre and 3.3km northeast of the town of Pontefract.
- Ferrybridge 'C' was a 2,000MW coal fired power station that commenced electricity generation in 1966.
- In March 2016, it ceased operation, and decommissioning commenced, continuing through to Q2 2018.
- Demolition planned to commence Q4 2018 and be completed 2021.

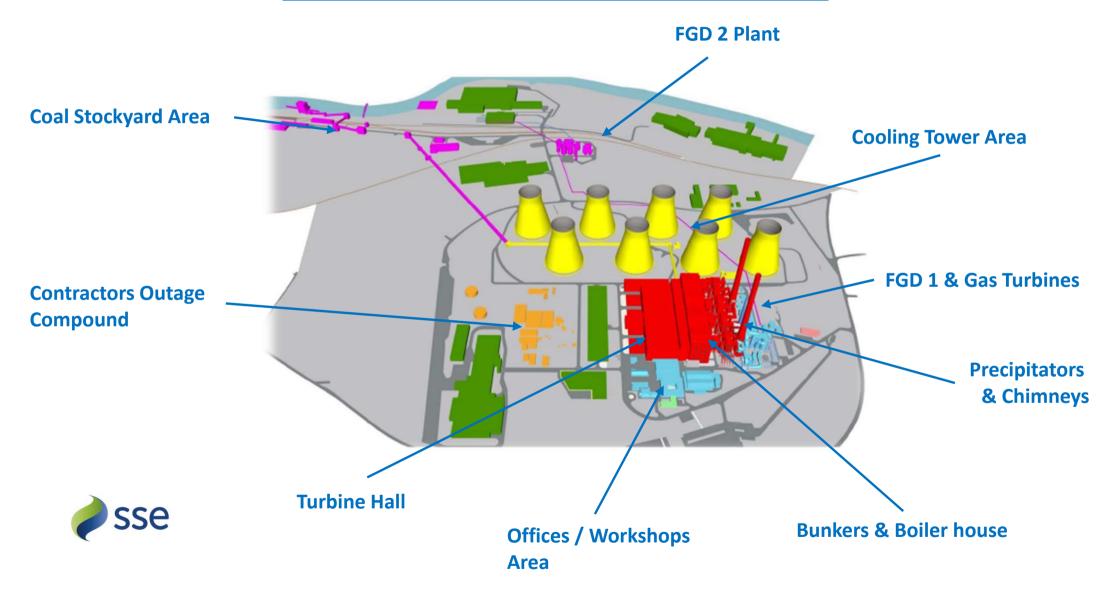

Demolition

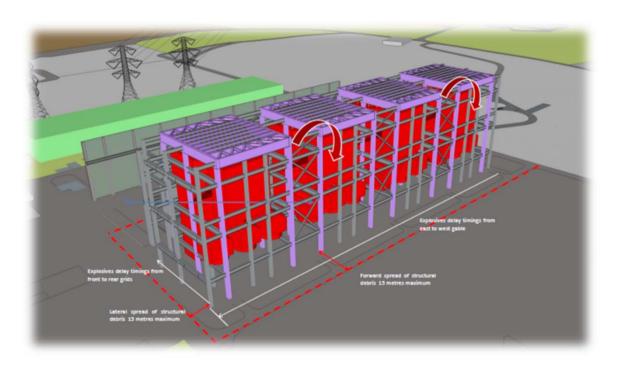

- Highly experienced Demolition Contractor (Keltbray) engaged by SSE to carryout the works.
- Demolition Consultants (ABB) engaged by SSE to advise during the project.
- Highly robust project processes and procedures in place.
- Close engagement with Local Council / Planning / Environmental authorities to ensure full regulatory compliance.

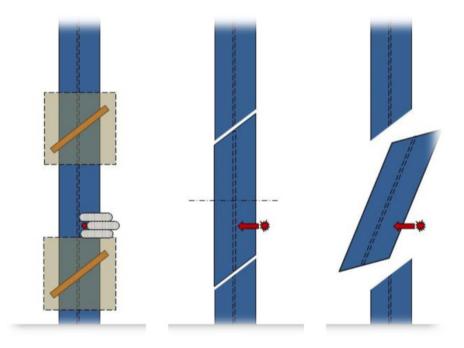

Demolition Areas of the Ferrybridge C Site

Exposing Steelwork and Blowdown of the Boiler-house Structure

Cutting Charges – Reduced Pre-Weakening

Blowdown of the Cooling Tower Structures

Typical Blasting Methods for Cooling Towers:

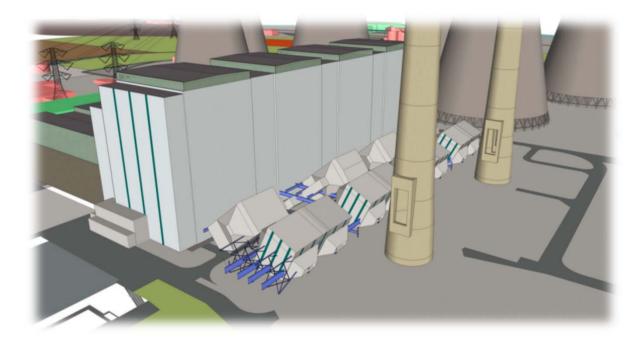

- a) Shell Blast Only
- b) Shell & Legs Blast Method
 Dependant on the directional mobilisation required.

Exposing Steelwork and Blowdown of the Precipitators

Removal of low level equipment / structures using demolition machines

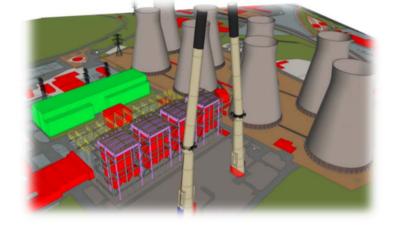

Controlled collapse / blowdown of high level precipitators

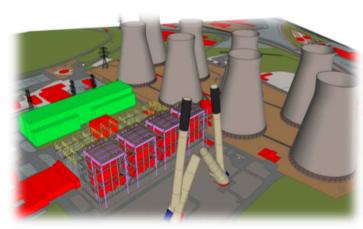

Explosive Demolition of the Chimney Structures

Demolition of the chimneys

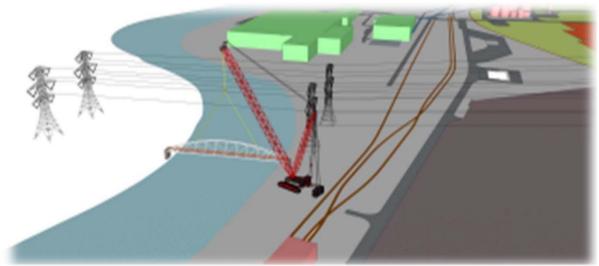

<u>Riverside Works – Bridge Removal</u>

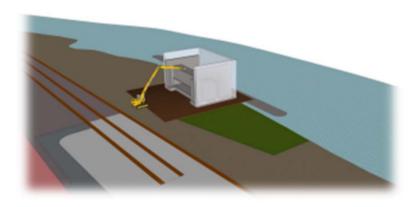

Bridges over the River Aire and the Aire & Calder Navigation Canal to be removed during the project

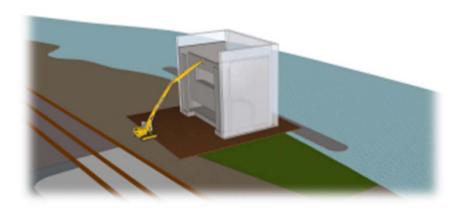

Other Structures – Barge Unloader

Enclose structure in scaffold and progressively dismantle structure down to grade level.

Ferrybridge 'C' - Site Redevelopment

- Ongoing assessment of wider site for redevelopment opportunities
- Brotherton Ings
 - SSE is required to provide a remediation plan to the EA by November 2019
 - For the foreseeable future, Brotherton Ings will be managed in accordance with the EA permit.
 - Feasibility of ash reclamation is being assessed
- Fryston Woods
 - Tree maintenance and security enhancements implemented
 - Housekeeping day planned with the Friends of Fryston Woods on 25th October to address litter and fly tipping.

AOB

• Next meeting - Wednesday 16th January 2018 at 10:30am

Thank You
